

MORAN PICKS DAGRON; CITY NAMES DOREMUS

Two Members of Arbitration Board
Selected to Settle Contract
Dispute.

L. L. Dagron, civil engineer for the Utah Light & Railway company, has been chosen by P. J. Moran as his representative on the board of arbitration of his claim for \$20,435.67 for the repair of the wooden stove outlet pipe. The city has chosen A. F. Doremus, who is now employed in special work for the city in connection with the water suits.

Frank Gowans, acting for Mr. Moran, received the acceptance yesterday of Mr. Dagron to serve upon the board to investigate the claim. This morning Mr. Gowans will sign the arbitration agreement between the city and P. J. Moran. This was signed yesterday by T. R. Black, acting mayor, after being drawn up by the city attorney.

It is probable that these two members of the committee will get together today to decide upon the third member, and then the work will begin to find out just what Moran has coming from the city for his work. It is probable that City Engineer Parker of Ogden will be the third member selected.

You Needn't keep on feeling distressed after eating, nor belching, nor experiencing nausea, between meals. Hood's Sarsaparilla cures dyspepsia. It strengthens the stomach and other digestive organs for the proper performance of their functions. Take Hood's.

UNIVERSITY NOTES.

At the meeting of the Medical society of the university yesterday afternoon, Dave Henderson was elected vice master for the medical. A reward was also made for the best yell presented this year.

At the meeting of the university students held Friday afternoon, the question as to whether or not the girls should have representation on the university athletic council was decided in the negative by a vote of 170 to 101. The girls presented a petition to the athletic council, asking representation. The assembly decided that the girls had no place in the university athletics. A part of the revised constitution was voted upon. The awards for athletics will be voted upon at the next meeting.

The children of the first grade in the university training school gave an exhibition of cooking for their parents Friday afternoon. They worked under the direction of Miss Wheeler.

At 8:30 o'clock this morning all the young men of the university will meet on the Cummings field and prepare the trenches for the laying of the pipes for the sprinkling system for the grass. One hundred and fifty of the boys have volunteered their services, and it is expected that the piping will be completed today. After the work is done, the boys will go to the university lunch room, where the athletic council will serve them with a hot dinner.

SALT LAKE ELKS WILL HOLD MEMORIAL SERVICE

Good Program Has Been Arranged
for Meeting to Be Held in Salt
Lake Theatre.

BLIND TO TUNE PIANOS.

Useful Trades Taught to Unfortunates in Workshop.

A new feature was introduced in the workshop for the adult blind, situated in the rear of the Lion House, yesterday, when a class in piano tuning was begun. The first class had only three pupils, but others are expected to enter within the next week, and lessons will be given twice a week. Stanley Warden of the Consolidated Music company is the teacher. In the workshop progress is being made. Within a few days the workers will be engaged in the making of fine brushes, and other departments are now being installed under competent instructors.

JUDGMENT FOR 471 YEN GIVEN TO JAP

Leo Hirasawa, a Jap, received judgment yesterday before Judge T. D. Lewis in the district court for 471 yen, Japanese, on a certificate of deposit in the Utah Savings & Trust company bank. The trust company was made administrator of the estate of Josuke Marumi, deceased, and the certificate had been found in the effects of Marumi, though it was the property of Hirasawa. Several Japs were attracted to the court by the suit, which was filed and settled the same day.

SPEAKERS ARE SELECTED FOR PARENTS' CLASSES

Special speakers for the parents' class meetings of the Sunday schools of English stake have been assigned for tomorrow to speak on the work of the Young Men's Mutual Improvement association. The speakers are members of the general board of the association and they will be accompanied by members of the stake board.

Following are the assignments of speakers: Eleventh ward, Thomas Hull; Twelfth-Thirteenth ward, Willard Done; Fourteenth ward, B. S. Hinckley; Twentieth ward, Joseph F. Smith, Jr.; Twenty-first ward, N. L. Morris; and Twenty-seventh ward, B. Goddard.

INJUNCTION PREVENTS SALE OF MINING STOCK

Sale of any stock in the Lincoln-Nevada Mining & Milling company of Pioche is forbidden in an injunction issued in the federal court yesterday against George M. Whitmore, president of the Whitmore National bank of Pioche. The order will remain in force until the case of Joseph H. Tracy against W. B. MacSherry is decided, involving the title to the property. In the application for an injunction, Tracy says MacSherry has placed 15,000 shares in the bank and that an effort is being made to sell this stock.

MAIL ORDER HOUSES

A mail order house in Chicago or some other city may be able to sell you anything from a paper of pins to a house and lot, simply by referring you to their catalogues, but they can't sell you a good watch that way. Watches are very delicate machines that may be put out of order in a dozen ways after leaving the factory. A jeweler knows how to put the watch into shape, and he won't sell one without doing it. Mail order houses do not want to bother with that, and, as a matter of fact, they cannot if they would. Waltham Watches are the best in the world, but whether you buy a Waltham or some other kind, go to a jeweler, tell him what you want, and he will sell you a watch in good running order. Do not make the mistake of trying to buy by mail from any catalogue; you won't know what you are getting if you do.

Waltham Watch Company Waltham, Mass.

N. B.—When buying a watch always ask your jeweler for a Waltham adjusted to temperature and position.

GOOD ROADS MEETING

Governor Spry Asks Auto Club and
Others About Advisability of
Convention.

Whether it will be wise to hold a good roads convention in Salt Lake next year will be determined by Governor William Spry by the answers received from members of the Automobile club of Utah, the Good Roads association and the state highway commission. Letters were sent to members of all three boards yesterday by Governor Spry's secretary, John K. Hardy, asking for an expression in regard to a good roads meeting for Salt Lake.

It is believed that more than 1,000 delegates could be brought to Salt for such a convention if properly advertised. Robert Skelton, who has spoken to Governor Spry in regard to the matter, is an enthusiast and believes a convention here would be of lasting importance to the west.

BAROMETER REBELLIOUS.

Instrument Refuses to Confirm the
Weather Forecast From Denver.

In the gamble of the weather, the best take-a-chance bet for this morning will be to wear overcoats, furs, cravats and storm shoes. That is the best weather admonition for today. The general state forecast, coming from Denver, is that Saturday will be fair in the western portion of Utah, with snow in the eastern sections. The local instruments, however, are shy in backing up the general forecast. The barometer stood stationary all day yesterday and at night still clung fast to the point that failed to give any indication of warmer weather today.

DELINQUENTS MUST PAY.

Corporations Which Do Not Pay
Taxes on Time Will Be Fined.

No payments for corporations under the new corporation tax will be received by Secretary of State C. S. Tingey after Dec. 15 without the payment is accompanied by an additional \$10—the fine for being delinquent. All money on corporations for 1909 fell due November 15 and will become delinquent after December 15. There are still about 500 live corporations which have not paid their taxes to the state, and these will have to pay an additional \$10 to their fee for the year if they do not "come through" with the amount fixed by law.

SAYS CHILDREN BEGGED

Mrs. J. A. Baker Files Additional
Charges Against Her Husband
in Divorce Suit.

That her husband forced her children to beg in the streets for food for their home and for intoxicants and tobacco for himself, are some of the new charges made by Pauline Baker against J. A. Baker in an answer to his counterclaim filed in the district court yesterday. The suit has brought out more unsavory charges than any within recent divorce annals, and bids fair to establish a record before it is completed.

Besides forcing the children to beg, Mrs. Baker claims that her husband has been a drunkard for the last 15 years and that he has often been arrested and imprisoned in the city jail.

One phase of the case, in which the husband seeks to have two of the children taken from the control of the mother, was to have come before Judge C. W. Morse yesterday morning, but Mrs. Baker was not in court and the matter was continued.
